APPEAL PROCESS OF MIDTERM EXAM GRADES

As the midterm season approaches, we wish you success. However, in case of a negative outcome, please be aware that every student has the opportunity to retake a failed midterm exam (it is considered a failure when the grade is lower than 5). The retake is limited to one attempt that you do not need to pay for, and it must be organized no later than 3 weeks after the original exam date. If multiple midterm exams are scheduled for a course, you can retake only one, which has the biggest weight. If you disagree with the lecturer's evaluation and/or the examination procedures, you have the right to submit an appeal to the academic department where you are enrolled within 5 working days from the announcement of the grade.

STUDIJŲ KAINOS KOMPENSAVIMAS

Students are compensated the price they have paid for their studies. Higher education institutions create and submit a list of students and graduates who are entitled to a tuition fee compensation to the State Studies Foundation in accordance with their established procedures. Applications to receive a tuition fee compensation in the year 2023 will be accepted in November and December 2023. Eligible candidates include students studying in non-state-funded places who have no academic debts, have fulfilled all the requirements of their study program, and have achieved excellent or typical academic performance.

STUDENTS MARCH

A study grant falling into the account is a laughing matter, not a joy? There's not enough space in your dorm room to even fit the new mug your parents gave you? Is the quality of studies an aspiration and not a reality in your higher education institution? Or maybe you're just looking for like-minded people who pour milk first and then cereal into their dry breakfast?

MAKE A POSTER, PARTICIPATE IN THE MARCH AND SHOW STUDENT ENERGY!

Where? When? How?

On November 17

In three student cities: VILNIUS, KAUNAS AND KLAIPĖDA

Start - 2:00 p.m.
